- I Felt Comfortable

# Questions to Ask Your Coach

What types of clients do you typically work with?

What type of training and certification do you have?

Do you have credentials in psychology?

Do you have relevant business expertise?

How will you help me achieve my goals?

How do you measure progress and success?

What makes for a successful coaching relationship?

How are you the same or different than other executive coaches?

May I speak with some of your past clients?

**Support your learners in the workflow with effective job aids.  
Determine the appropriate format of the job aid through a process  
of planning, designing, validating, testing, and measuring the  
overall impact of the job aid on achieving organizational goals.**
