

Use this tool to assess and discover opportunities in your current Talent Strategy:

1. Using the center of the wheel as **0** and the outer edges as **10**, rate the effectiveness of your current Talent Strategy by shading in the sections according your ratings to create a new outer edge. The new perimeter represents the wheel of your Talent Strategy. If this were a real wheel, how bumpy would the ride be?
2. In each section, ask yourself, "What changes in this area would improve the overall performance of my organization?" Write down one action for each section that will significantly improve business performance.
