

# Unlock Your Employees' Performance

# Introduction

## AI TOOLKIT

### Catching Up Game

AI is evolving rapidly. We need an environment to experiment and discard.

### Enhance Human Potential

AI is here to enhance but not to replace the existing process

### Simplicity

Each tool does a simple job with the help of AI

### Non Invasive

Use the tools with your existing development process and tools

### Agile

We can change, modify or drop the tool based on its usage

### Secure

Files are uploaded to ELBs sandbox and purged at regular intervals
