

Lets stay independent and grow together.

AuDConnex was founded on the belief that we are stronger as a whole than as individuals. In today's quickly changing and competitive marketplace, it is important to maintain a competitive edge when it comes to pricing, access to quality products and marketing. Also, it is important to stay connected to other professionals in our industry.

AuDConnex was created for YOU; the audiologist/hearing instrument specialist/ENT who wants to maintain independence, yet still form connections with like-minded professionals; and obtain the buying power of a larger buying group. AuDConnex does not rely on reps trying to feed a company philosophy; rather it relies on its network of hearing professionals to inspire and compete in today's fast-paced world.

The main objectives of AuDConnex:

- SIGNIFICANT PRICING DISCOUNTS
- EXTENDED WARRANTIES ON MOST HEARING AIDS AT NO ADDITIONAL COST
- MARKETING REBATES
- QUARTERLY PRODUCT REBATES
- MARKETING AND BUSINESS SUPPORT
- PROFESSIONAL CONNECTIVITY
